Support the Art and Mission of the Andres Institute of Art

Everyone should have free and frequent access to both art and nature. Help us keep it that way! While the park is free to enter, it isn't free to run. From the world-class artists at our Annual Sculpture Symposium to the 140-acre park and trails or the regional talent for the fundraising concerts on our Live Music stage, your donations make it all possible. Funds raised go directly toward supporting the trails, sculptures, Art Gallery, Iron Melt and our other amazing art and performance events. Thank you!
